How To Get Jobs On Spur

1 Go to your profile and tap, "My Teams" and then tap the team you are on. This will take you to that team's page.

2 On the team's page, scroll down to see available jobs.

3 Tap on the job you want to work, then tap "Work It" and then "Confirm."

4 The job will then be added to your schedule. You can view it by tapping on the calendar icon at the bottom of your screen.

5 When it's time to work, you can clock in and out by going to the job on your calendar, and tapping "Start Shift." When your shift is over, tap "End Shift" on the same page.
