# Follow These Steps To Get To Work

**1** Tap, "Create an Account" and sign up. When you're done, tap "Become a Worker" to begin the worker registration process which will take you about 30 minutes. To complete registration, you'll need 2 forms of I.D.

**2** Check out the Explore tab, scroll to find your school district, and tap on the result. Scroll down to find the district's team you want to join. Tap on the team and then view the qualifications for that team.

**3** Tap on the qualifications you want to add and then enter the correct information or complete the required training. You'll need to add all of the team's required qualifications in order to work for the team.

**4** Go back to the team you're interested in joining and tap "Join Team!". A Spur admin may approve you to join the team, and you'll receive a notification. There is no limit to the number of teams you join.

**5** Once you're approved to join a team, you can go to the team page and choose the job you want to work. Tap "Work It", and you'll be ready to work that job!

If you need help with the Spur app, please contact our support team at **support@spurjobs.com**.
